

## IZVESKI

Izveski se na zid namestijo ali s posebno ZIDNO KONZOLO (tako, da še dodatno izstopajo) ali pa s tanjšo PLOŠČO.

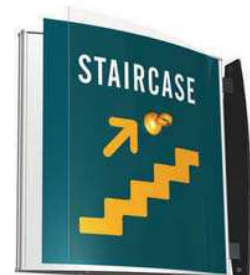

KONZOLA: spodnji del konzole privijačimo na zid, zgornji del pa nato pritrdimo z dekorativnimi maticami.

Konzole so dobavljive v standardni jekleni izvedbi ali pa v de-luxe aluminijasti različici.

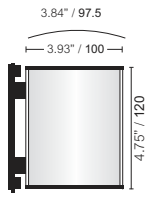

Izveski za standardno montažo so dejansko majhni dvostrani piloni, ki se - namesto na tla - pritrdijo na zid.

Predstavljajo tako estetsko kot tudi cenovno optimalno rešitev označevanja. Seveda lahko naše izveske namestimo tudi na strop.
